ORIGIN OF PATONG SIGNATURE

Patong Signature Boutique Hotel

In 2007 Nakamol married Clay Sussman (American) and together formed a partnership that would surpass jewelry alone. The pair both had **entrepreneurial spirits** and built a hotel from ground up. After a few rounds of acquisitions and major renovations Patong Signature is now a 35 key hotel situated across the street from the **white sands of Patong Beach**. Considered by many the perfect blend of an oasis from the buzzing Bangla Road but close enough (5 min walk) to join the party if desired.

The design and décor of the hotel was inspired by Nakamol jewelry as well. Our own designers created the hand hammered flowers you find in the wall hangings, sconces, and chandeliers throughout the hotel. Also find the sand wall in the restaurant depicting the sunset view seen from the rooftop pool area. Amenities include a **local's favorite Thai/Western restaurant** with a menu of meticulously selected unique cuisines to cover everyone's appetite. An open-air bar, a rooftop infinity pool, plus a fitness center to suit your needs. Airport shuttles, massage, and laundry services are also available.

Warm Welcome from Our Family to Yours

The Sussmans (Nakamol, Clay, CJ, & Asher) would like to welcome you to what we hope you find to be a unique destination in Thailand. An oasis of color, friendship, and family all of which was built from the ground up by the truest sense of "Handcrafted with Love".

Enjoy your stay,

NAKAMOL

NAKAMOL

ORIGIN OF NAKAMOL DESIGN

The Origins of Nakamol Handcrafted Jewelry

It was a true **American dream** story that started in 2001, where Nakamol coming from a small rural town in southern Thailand moved to Chicago USA. Being on a limited income Nakamol used her love of fashion and started creating jewelry for friends and family which soon became a big hit. With the success of her newfound business Nakamol Chicago was founded where she made it a priority to hire from the underprivileged **Thai community**. Nakamol provides more than 100 families, a way to maintain the dignity and respect they deserve many of which have been employed since inception.

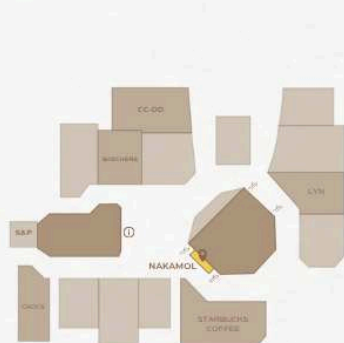

Nakamol Handcrafted Jewelry

The teams of designers in both Chicago and Bangkok, well understanding of American trend, and the delicate workmanship needed to guarantee quality sets Nakamol's jewelry apart from the rest.

Every item is entirely and meticulously handcrafted using **high quality materials** from our hands to yours. Now in over 1000 boutiques, department stores, and museum shops worldwide, Nakamol has become a well-known respected brand. Nakamol also has retail locations in Chicago, New York, Chiang Mai, Bangkok, and Phuket!
